

bmsc BAMFIELD MARINE
SCIENCES CENTRE

2015 University Programs

- Field courses in marine and coastal biology
- Directly credited towards member university degree programs (UVic, UBC, SFU, UA, UC)
- Pristine west coast environment
- Unique immersion experience
- Independent and team-based research projects
- Small class sizes
- Interaction with researchers

Summer courses

Block 1 May 4 – 22/May 25 – June 12	Block 2 June 15 - July 3/July 6-24	Block 3 July 27 – Aug 14/Aug 17 – Sept 4
MARINE INVERTEBRATE ZOOLOGY Dr. Mar Wonham	BIOLOGY OF MARINE FISH Dr. Sean Rogers & Dr. Tim Higham	COASTAL BIODIVERSITY & CONSERVATION Dr. Caroline Fox
BIODIVERSITY OF SEAWEEDS Dr. Colin Bates	MARINE BEHAVIOURAL ECOLOGY Dr. Isabelle Côté	MARINE MICROBIOLOGY Dr. Rebecca Case
ETHNOBOTANY Ms. Fiona Hamersley Chambers	COASTAL COMMUNITY ECOLOGY Dr. Chris Neufeld	SEX & EVOLUTION Dr. Adam Chippindale
TERRESTRIAL & FRESHWATER CONSERVATION Dr. John Reynolds	SURVEY METHODS FOR COASTAL WILDLIFE Dr. Jason Fisher	COASTAL FIELD ARCHAEOLOGY Dr. Iain McKechnie & Ms. Nicole Smith
		ECOLOGICAL MODELS & DATA Dr. Andrew Bateman
		SCIENCE AND THE SEA (for non-majors)

Fall semester

Full semester, 5 courses in Marine Science, Sept 8 - Dec 18, 2015

Costs

Includes full room & board, lab fees, boat use

3 week course/ 1 semester credit: \$1400

6 week course/ 2 semester credit: \$2800

Fall Program/ full semester credit: \$5200

Students are also responsible for tuition paid to their home institution (UVic for visiting students)

All undergraduate students taking courses for credit are considered for BMSC scholarships (\$500 Summer, \$1000 Fall). Students are eligible for bursaries & financial assistance from their home institutions.

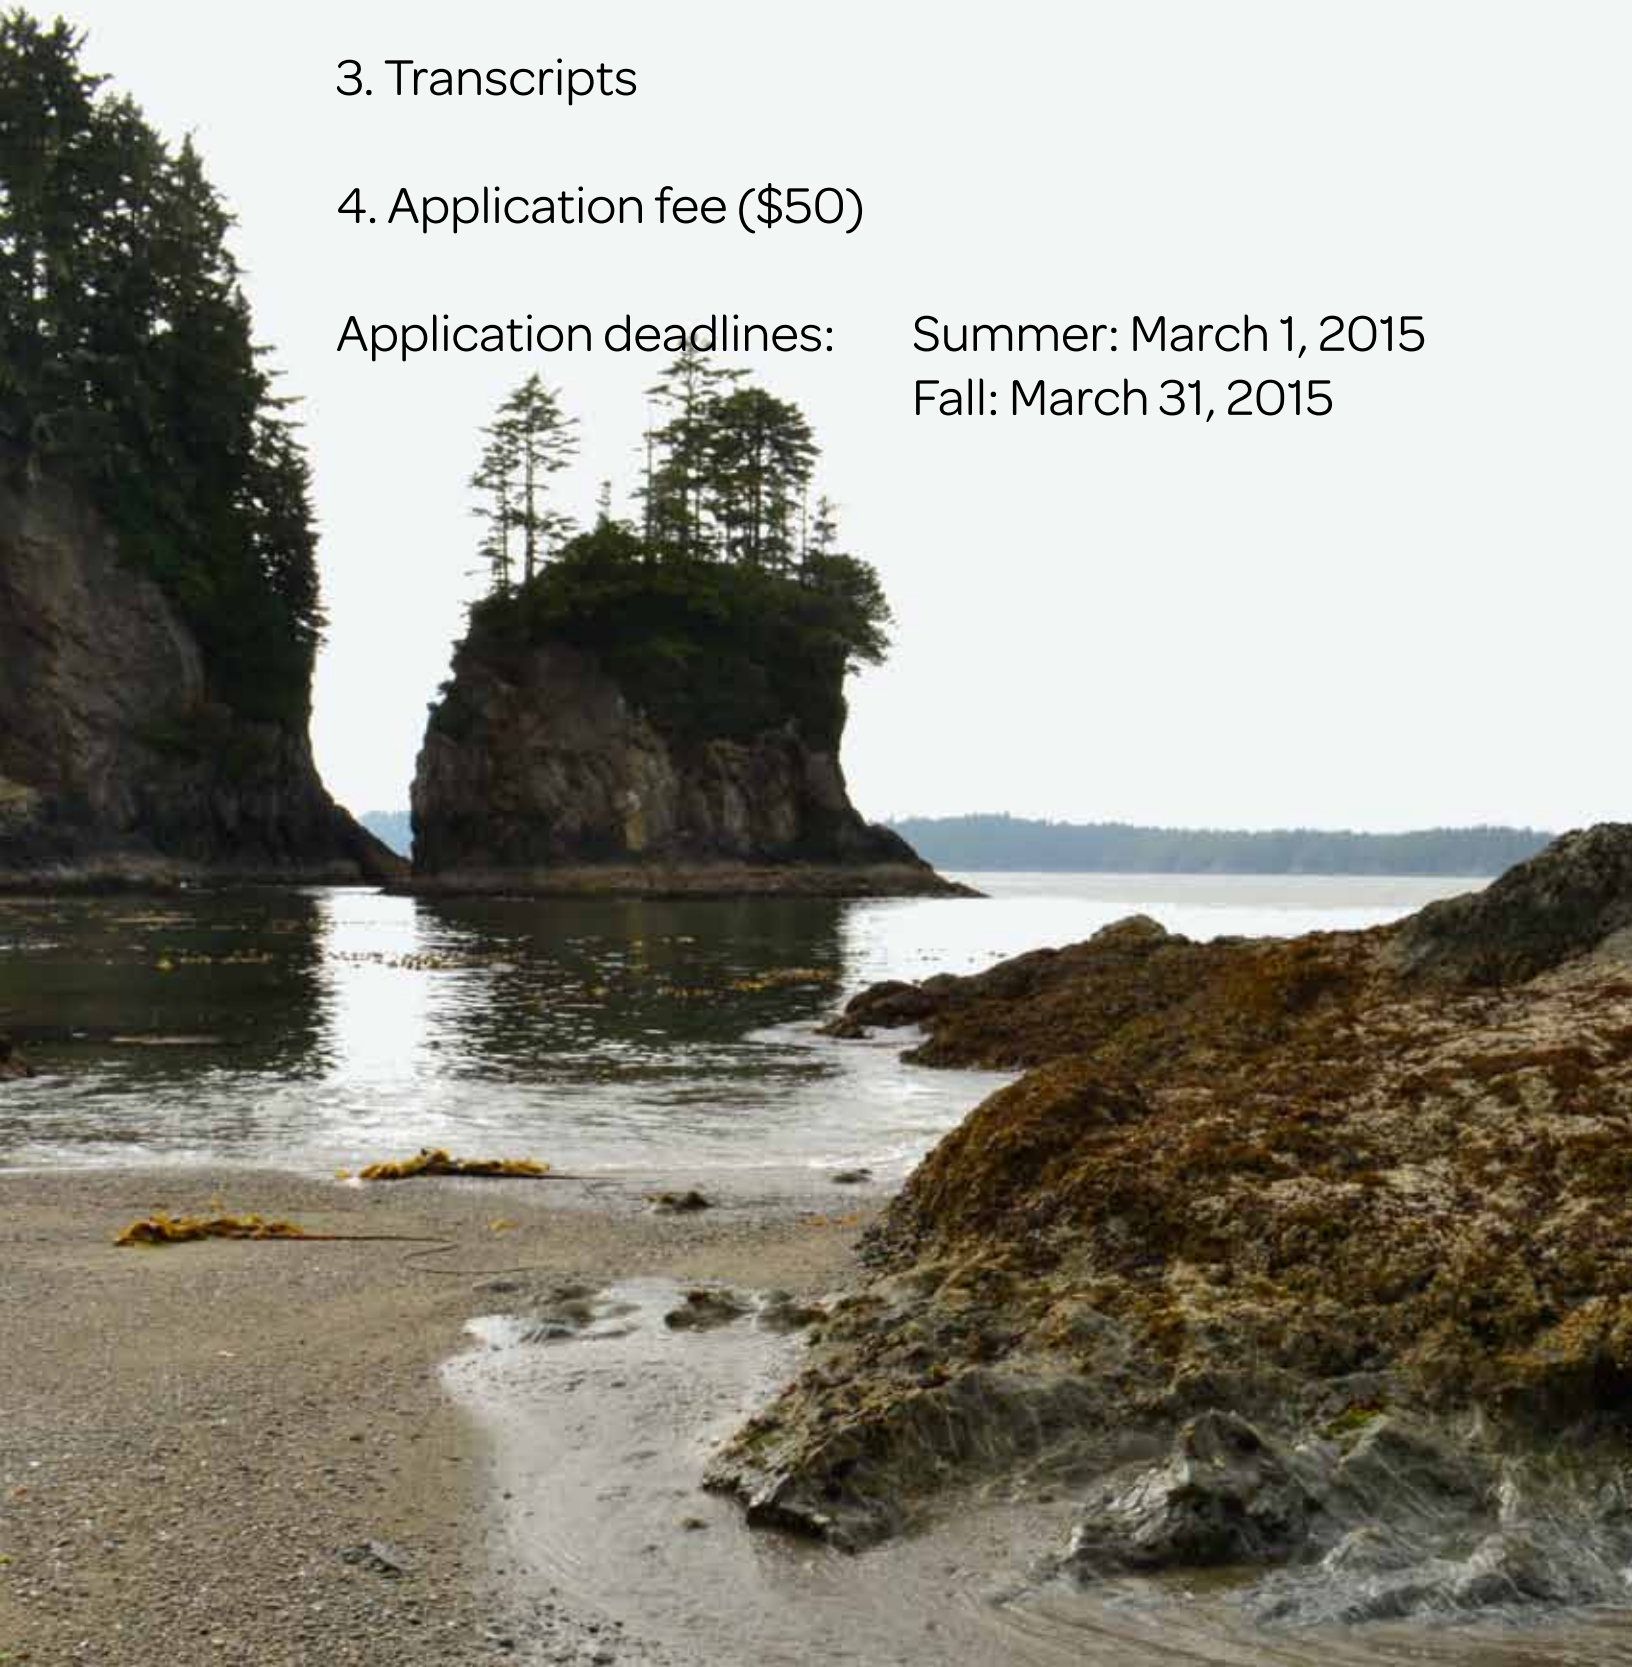

"I wouldn't trade this experience for the world, but I think the initial price puts off people. Once you get here though, you realize how many resources (boats and lab equipment) we are provided with and the money isn't a big deal at all." -BMSC Student

How to Apply

1. Complete online application form
(www.bamfieldmsc.com/university.html)
2. Statement of interest (300 words)
3. Transcripts
4. Application fee (\$50)

Application deadlines: Summer: March 1, 2015
 Fall: March 31, 2015

Field Skills for Undergraduates

November 8 - 11, 2014

Looking to work as a summer field assistant?
Boost your resume and gain experience with a practical field skills in a remote wilderness setting.

Member university students price: \$325
Non-member university students price: \$475
Cost includes: all programming, meals, accommodation and transportation to and from Port Alberni, GST included.

Marine Field Skills

- Invertebrate identification
- Seaweed diversity
- Beach seining
- Quantitative biodiversity sampling
- Data analysis, useful job skills

The not-so-fine print:

- Minimum enrollment is 12, maximum 24.
- Deposit of 50% of final cost is required by Oct. 28, 2014 to secure your space
